

SmartWerk: Future PWA App

SmartWerk will become a Progressive Web App (PWA) - a tool that works like an app on your phone or computer.

Why PWA?

- Works on iPhone, Android, tablet, desktop
- No need to download from App Store
- Save to home screen with one tap
- Access offline, fast updates, low battery usage
- GDPR-compliant and secure

Planned Features:

- Personal dashboard for freelancers
- AI Assistant (GPT) for tax, invoice, and client help
- Auto-generated templates and reminders
- Multilingual mode: Dutch, English, Ukrainian, Polish
- AI-tips: based on your activity and mistakes
- Income tracker + VAT planner
- Import expenses from CSV or bank export

Timeline (v2.5 and Beyond):

- Today: PDF-based assistant (SmartWerk ZZP Toolkit)
- August: Web version with dashboard and login
- Autumn: Full SmartWerk PWA with AI Agent + Upsells
- Future: Option to publish to App Store if demand is high

Want to be part of it?

We're inviting early testers and micro-investors for feedback and future upgrades.
