

SmartWerk Roadmap - Version 2.1 EXTENDED

Month 1

Launch of PDF product, enable Tikkie payments, first 50 users.

Month 2

Release SmartWerk as a PWA (progressive web app) for daily use.

Month 3

Add AI FAQ Assistant, CSV import, invoice builder, user flow tracking.

Month 4

Multilingual support (EN / NL / UA / PL), launch PRO subscription.

Month 5-6

Submit to App Store / Google Play. Launch mobile version.

Future Plans

- Auto-updating PDF system (users always have latest version)
- Weekly SmartWerk Coach tips based on user behavior
- Smart status dashboard: goals, income, VAT alerts
- Ask-anything GPT assistant (contract help, legal letters, unknowns)
- Why SmartWerk > Rompslomp / MoneyMonk (built-in comparison)
- Export-ready formats for Belastingdienst (quarterly reports)
- Tool marketplace: AI CV writer, invoice templates, content planner
